Dear CVRD planning department,

**Re: Development Variance Permit for 11698 Fairtide Rd.**

**File No. DVP23H01**

**PID 004-008-855**

My name is Lynda Evans, my address is 11725 Fairtide Road, Ladysmith, V9G 1K5, email is  
and mobile phone number is

I am corresponding in relation to my very nearby neighbours, Mr. Tim Grace and Mrs. Tricia Buemann application for the above development variance permit.

I fully support their application to rebuild on their existing foundation and add four footings for their new sundeck which will be well within the 15 metre waterline.

Since they will also be planting to improve the riparian zone their variance will also be advantageous to improving natural ecosystems.

This variance application seems to me to be a very simple request and although I appreciate that the CVRD planning department is probably busy I think this particular variance permit only needs a 'rubber stamp' approval and would allow CVRD to get on with other tasks. Hopefully, CVRD's planning department will expedite the process so that the applicants will be able to start work on their project by 16th October at the very latest before the beginning of inclement weather. If permission for this application cannot be passed by the 13th of October at the latest I request that CVRD send me the reasons in writing well before 13th. October 2023.

Sincerely yours,

Lynda Evans
