Hi Jamie,

Here's a letter from our south neighbor that we wanted to put in our file. I have a couple more for support of the development coming. Thank you! Hope all is well.

Blue Bennefield
Project Coordinator
Bennefield Construction Ltd.

Subject: To Whom it may concern;

To:

As a goodwill gesture, I give my highest level of support and compliments to Bennefield Construction Ltd. Blue Bennefield and his crew of builders, as well as his wife, work exceptionally well, and they all have what it takes to construct extraordinary and beautifully built homes. Having said that, it's a real pleasure to have Bennefield Construction here on Vancouver Island, and servicing from South Island to mid Island. Our local communities certainly benefit from the continual building of customs homes, and this is exactly what Blue and his Team of Associates offer here to Vancouver Island.

I Julian Eckford, son-in-law to Patricia Stevens, caretake her home @ [2520 Mill Bay Rd, Mill Bay, BC](#). Now, why I'm mentioning this, in support to Bennefield Construction Ltd, is because I am technically a immediate neighbour to the next door, new construction build, of what Blue and his Team are in current process of completion. I've observed from time to time, and a fair amount of my attention, is taking in the interest of how well this custom home is being constructed, to a very high degree of craftsmanship. I can for sure tell by my personal, construction experience and knowledge as being a Commercial/Residential Plumber, that Blue & his Team have what it takes, to be a excellent, professional asset to our growth of residential homes, here on Vancouver Island, BC.

Thank you so very much, for creating these beautifully built custom homes, for future families to inhabit our naturally, excusite Island. Way to go Blue and Team of Associates! I for one, give you once again, high regards to all of what your family business is providing for Residential growth, within our communities.

Sincerely Yours

Julian Eckford
