Subject: Variance Permit for 9184 Meades Creek Road
Date: Tuesday, May 21, 2024 3:55:55 PM

Jaimie

We are John and Cathie Morgan who live directly south of the Coursers at 9182 Meades Creek Rd. We have lived at this address since 2016 and the buildings for which the Coursers are requesting the Variance Permit were already in place. We do not have a problem with the current situation and we support that the Application for Variance be granted. The lots in our area are narrow and all of the focus for views, outdoor activities, etc. are focused on the long access of the properties so the request for reducing the side parcel line 0.6 metres for the house and 0.4 meters for the garage do not seem unreasonable to us.

We trust this that our position be taken into consideration during the Public Meeting to be held this month on the 28th.

Regards

John and Cathie Morgan
